

## Modern and Digital Administration

Simple & Fast

- **Digital administration** in the Rhine-Main area
- Enter data once (**‘once-only principle’**), **open source for transparency and security** – accessible and efficient
- **Integrate newcomers to the district** through the **Welcome Office**, establish a welcoming culture instead of endless bureaucracy

## Housing, Health & Climate

Shaping progress

- **Decentralised** and **mobile** healthcare, ensuring district-wide medical care in rural areas
- Ensuring **midwifery** care in the district through training grants
- Expansion of violence prevention programmes and support for victims of domestic abuse
- Promote **affordable** and **accessible** housing
- Expansion of **renewable energies** and **climate adaptation** measures
- Promote **rainwater retention** and **groundwater renewal** in the Taunus to prevent flooding and drought

## Think European, act local

Whether it's education, digitalisation, climate protection or the economy, the future of municipalities in Hessen is being shaped in close cooperation with Europe. We want to:

- Utilise **European best practices**
- Promote and establish **new partnerships with European cities**
- Strategically align **municipal cooperation within the district and the Rhine-Main region**

**EU citizens are eligible to vote at the local level - your vote for a truly European party!**

**FUTURE  MADE IN EUROPE**

# Our Candidates for the District Parliament (Kreistag)

**Tobias Raum**

"At the local level, citizens experience politics first-hand. If we want to restore people's trust in politics, we must start at the local level – with modern and digital administration, reliable public transport, and affordable housing."

**Fiona Byrne**

"Children and young people should have a say in how their schools are managed! That is why I am committed to ensuring that pupils have a say in the district council in future. To bring democracy and responsibility to life, pupils should have their own budgets at their schools."

**Kristine Schmidt**

"As the head of a Kita, I know how important good childcare is for young families, which is why I am committed to ensuring that well-trained professionals are employed and that all families have equal opportunities."

"It is becoming increasingly difficult to find affordable housing in the Hochtaunus district. That is why I am committed to ensuring that the district council takes appropriate measures to provide sufficient affordable housing."

**Nasser Djafari**

"We want to strategically align our work beyond the district boundaries – especially in the area of transport. This includes the expansion of cycle paths, e-charging stations and reliable, accessible public transport."

**Christoph Stürmer**

"Origin should not determine opportunities. That is why we must shape integration policies that create spaces for encounters and open up opportunities – from the current bureaucratic marathon to a welcoming culture."

**Michael Planer**

## Transport

Transforming transport in our district

- Sustainable, punctual, accessible and widely available **public transport**
- Comprehensive network of **electric car charging stations**
- **Expansion of the RB15 and RB12 lines**, 15-minute intervals
- **Electrification of the Taunusbahn railway**

## Education

Investing in our future

- Healthy and affordable **school meals** for all pupils
- Functioning **Wi-Fi** for all schools
- Centralised allocation of **Kita spots** at district level
- **Affordable housing** for educators and teachers
- Strengthening **youth and pupil participation at district level**
- Secure funding for **student counselling services**

**Think European, stay local!**
